In support of the GLOBAL OUTSOURCING 100  
2025 application:

I am pleased to offer my enthusiastic recommendation for Computools, especially if you are a startup in need of exceptional support. Drawing from our experience at ROVRSTACK.ai, Computools' expertise in optimizing infrastructure and delivering innovative solutions has proven invaluable. Their proactive approach and dedication have significantly contributed to our success trajectory. Understanding the unique needs and challenges faced by startups sets Computools apart in the industry. Without hesitation, they are the ideal partner for any company seeking reliable and cutting-edge IT services.

Best regards,  
Sahil Qureshi
